

## Key Services

### Exporting to China

China has a population of more than 1.3 billion people, and now a thirst for quality foods, wines and products. There is no better way to build your company to be a world leader than to export to China. Import Assist will help you with passing the regulations required by the Chinese and Australian Government.

Import Assist will help in these areas

- Government Regulations
- Language Barriers
- Agreeing on payment terms
- Business travel to China, Itinerary visa's and flights included
- Finding Staff in China
