

Boscastle Pty Lyd

“Import Assist were engaged by my company to expand an importing program that was in its infancy.

Mr Trinchini’s knowledge of building tools and related accessories from reliable suppliers in China has enabled us to provide quality products to our customers in Australia at very competitive pricing.

Import Assist provided many services including freight and delivery, packaging, barcodes, and order coordination. Marcus’s ability to communicate in fluent Mandarin with our Chinese suppliers was an added bonus.”
