

Tour China

Import Assist are now doing business tours of China. Are you dealing with factories in China now? Why not visit these factories yourself. Import Assist can help you and your company tour the factories you currently use, or introduce you to new factories. Import assist will arrange the tour from start to finish including some site seeing if it is your desire. They can also accompany you to every factory in order to interpret Chinese for you, and of course take you to some of China's most amazing sights.
